THE POWER BEHIND YOUR GO.

ELiTE LITHIUM ELITE LITHIUM TECHNOLOGY

Powered by Samsung SDI, ELiTE Lithium vehicles offer performance, energy efficiency and experience unmatched by any other golf cart.

- Zero-Maintenance Battery
- First In Battery efficiency
- First In Overall Performance
- Industry-Leading 8-Year Battery Warranty

48-VOLT 48-VOLT TECHNOLOGY

E-Z-GO's 48-volt electric AC drivetrain delivers long-lasting battery life and robust hill-climbing power.

- Quiet Power
- Best-In-Class AC Drivetrain
- Proven Reliable Performance

EX1 EX1 GAS ENGINE

The E-Z-GO EX1 gas engine is the only engine of its kind, designed for the unique driving demands of a golf cart, and the difference is undeniable.

- Best-In-Class Fuel Economy
- More Responsive Acceleration
- Smooth, Quiet, Refined Ride
- Low Cost Of Maintenance

13.5 HP GAS ENGINE KAWASAKI GAS ENGINE

The trusted 13.5-HP Kawasaki gas engine provides the power and fuel efficiency to keep you going.

- Closed-Loop EFI For Fuel Efficiency
- Proven Power and Reliability
- Easy Maintenance

We're Always Going Greener.

From zero-emission solutions like ELiTE Lithium Technology to creating the cleanest gas engine in the industry, we're always innovating in ways to reduce our tireprint on the environment.

Under the seat of every E-Z-GO, there's a variety of ways to go. With the premium powertrain options of ELiTE Lithium technology powered by Samsung SDI, or a fuel-efficient EX1 gas engine, you're getting the best technology in our most advanced vehicles available.

GO FURTHER THAN EVER

THE LIBERTY SERIES

From the moment you get in, you'll understand that the Liberty is more than just a golf cart. Powered by ELiTE Lithium technology, equipped with four spacious forward-facing seats, and paired with a wheelbase for maximum maneuverability and confident handling, the Liberty is the ultimate luxury cruiser.

E-Z-GO IS TAKING YOU FURTHER THAN EVER BEFORE.

Chase new avenues and roads in our street-legal version of the Liberty – The Liberty LSV.

CHASE NEW AVENUES

NEW LIBERTY LSV

Depending on your state and local requirements, some areas require the extra safety features of an LSV (Low-Speed Vehicle) including integrated seat belts, backup camera, and side mirrors. The E-Z-GO Liberty LSV provides all that and more for a safe, comfortable, and stylish ride. Check your local regulations to see if the Liberty LSV is right for you!

WHAT IS AN LSV?

LSV is short for “Low Speed Vehicle” which puts it in a different vehicle class than traditional golf carts, allowing it to travel on public roads up to 35 mph. Since the Liberty LSV falls into this accelerated vehicle class, the vehicle includes some exciting features in addition to those already included on the Liberty.

- Seat Belts
- Side Mirrors
- Backup Camera
- Sound System
- Top Speed: 25 MPH
- Turn Signal With Horn
- VIN Number
- Optional Infotainment System* with Apple CarPlay® & Android Auto™

BUILD YOURS

IS A LIBERTY LSV RIGHT FOR YOU?

Many communities allow for the use of golf carts such as the E-Z-GO Express Series, Freedom Series and Liberty on the road, but some state and local guidelines require an LSV. The Liberty LSV is equipped with extra safety features that extend the area of use. Be sure to check your state and local guidelines.

	LIBERTY LSV	EXPRESS, FREEDOM SERIES, AND LIBERTY GOLF CARTS
Speed	25 MPH	Up to 20 MPH
Connectivity	Optional Infotainment System	Optional Aftermarket Infotainment Add On
Street-Legality	Public Roads Up to 35 MPH which require an LSV	Communities that don't require an LSV

SAFETY THAT MEETS THE E-Z-GO STANDARD

The E-Z-GO Liberty LSV meets the highest road safety rating with reinforced operator protective structure (OPS), pedestrian warning system (PWS), DOT seat belts, 4-wheel hydraulic brakes, front and rear turn signals, brake lights, side and rear view mirrors and backup camera. Unlike some other LSVs, the Liberty LSV has gone through additional extensive testing to ensure that you are always good to go.

Infotainment System
CarPlay: Vehicle user interface is a product of Apple, and its terms and privacy statements apply. Requires compatible iPhone*, and data plan rates apply. Apple CarPlay* is a trademark of Apple Inc. Siri*, iPhone* and iTunes* are trademarks of Apple Inc., registered in the U.S. and other countries. Android Auto™: Vehicle user interface is a product of Google and its terms and privacy statements apply. Requires the Android Auto™ app on Google Play and a compatible Android™ smartphone. Data plan rates apply. You can check which smartphones are compatible at [g.co/androidauto/requirements](https://www.google.com/androidauto/requirements). Android Auto™ is a trademark of Google LLC.

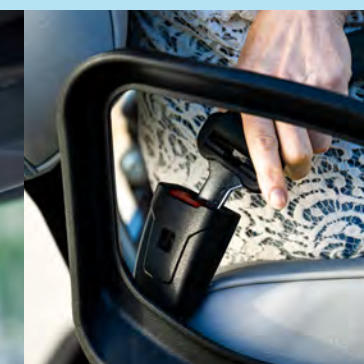

The E-Z-GO Liberty LSV follows the FMVSS 500 federal standard and SAE J2358 industry standard for low-speed vehicles. Check with your local rules and regulations to find out more about your area-specific restrictions.
