AMERICA'S LEADER IN SAFETY, PERFORMANCE & STYLING.

Since the first Tomberlin® street-legal, Low-Speed Vehicle (LSV) was built, we've remained committed to designing vehicles with an emphasis on safety, performance, and styling while challenging the traditional conventions of what is expected in a Personal Transportation Vehicle (PTV). **We Go Farther.**

E-MERGE BADASS

tomberlinusa.com

Loud and Proud, the E-Merge BadAss wears its title like a badge of honor. Settle into the luxurious custom embroidered CoolTouch seats and custom diamond floor mats as you get ready for a day of excitement. Crank up over 900 watts of audio to stir your soul while you prepare to take off with the power and range of the EVOLVE L210 lithium battery pack. Completing the package is a 6-inch lift with 15-inch wheels and automotive tires for smooth and responsive handling.

We Go Farther by including features like our Smart Park™ automatic parking brake, locking steering column, and unique ignition key. Plus, a powerful 450-amp drivetrain, responsive handling with effortless power steering, and 4-wheel hydraulic braking system give a level of performance not found in other golf or LSV vehicles. Finally, we surround you with styling and features expected only in an automobile with the convenience, freedom, and fun of a neighborhood electric vehicle.
